

TOWN HALL UPDATE

The Town Hall makeover is in full swing, with many of the works either completed or underway. From the beginning, the Town Hall has had a group of advisory community members who have expressed and shared their thoughts and opinions regarding the future of the building. Since the advisory group was created, a project plan was drawn to guide the direction of works necessary for the area.

The Town Hall has since had a face lift. With the toilets and main lobby area under going renovations and restorations including new glass sliding doors into the main hall and toilet upgrades. The new paint choices in these areas was to entice and appeal to those passing through the town who may be utilising the driver reviver check point.

The main hall, is set to house the a rotational history or art collection as well as the Soldier's commemorative frames from the Higgin brothers. The first rotational collection will be the Neil Gill buggy and Sulkeys. This week say over 17 buggies and sulkeys move into the main hall, with many of them holding a story of their own. The stage area will soon be converted into the museum display area along with a museum office which will hold archives necessary for the future of Pingelly.

Outside of the Town Hall, the addition of bike racks have been placed and the soon to be pocket park will begin very soon, ensuring a fantastic space for families, meeting and relaxing. Read more about the Pocket Park in this weeks Pingelly Times.

With all this excitement, there is only a few more items left to tick off before competition of this wonderful building. One of those things is a name! what would you call the old but new town hall? Let us know by following the link or the QR code. All suggestions will be presented to the advisory group for selection where a name will be chosen.

PINGELLY POCKET PARK

The Shire has formally agreed a Memorandum of Understanding with the new owners of the Exchange Tavern for the use of a portion of their laneway between the CRC and the Town Hall. This allows this space to be used as a Pocket Park - an attractive outdoor meeting and small event venue which will activate the Main Street and serve as a breakout area for the Town Hall as specified through the community workshops regarding the future use of the Town Hall.

The Pingelly Pocket Park will complement but will be unique from the recently completed Memorial Park and will include a stage to the rear, a central activity area a small number of alfresco tables near Parade Street. Comment is now being sought in relation to the overall design as attached and on the Shire's website here. To provide your comment, please contact Ellen.cook@pingelly.wa.gov.au or on 08 9887 1066.
