

SHIRE WEBSITE UPDATE

Pingelly Shire's website just got a major upgrade that will make it even easier for locals to stay informed and connected with their community. The website has added new buttons that allow users to post their events and latest news with just a few clicks.

Residents can now share their upcoming events or latest news with the community by simply clicking on the new buttons and filling out a quick and easy form. They can even attach photos to their posts for added visual appeal.

The best part is that all of the submitted forms will be added to an online calendar, making it easier than ever for everyone in Pingelly to keep up with what's happening around town. From local festivals and community events to club meetings and charity drives, the online calendar will have it all.

So if you're looking for an easy way to keep up with everything that's going on in Pingelly, be sure to check out the updated website and start posting your own events and news today. The more we all contribute, the stronger and more connected our community will become.
