7.30am - 4.00pm
Saturday - Monday

RANGER CONTACT

24 hours / 7 days
Ph: 0459 678 154

WASTE COLLECTION
Every Tuesday

RECYCLING DATES

20 FEBRUARY 2024

PINGELLY CHILD CARE CENTRE UPDATE

The Pingelly Child Care Centre (PCCC) is a state-of-the-art facility designed to cater to the needs of families, with separate daycare and playgroup areas. This expansion enables the daycare service to operate 4-5 days a week and introduce Outside School Hours (OSH) care, offering parents more flexibility in their work schedules while providing an enriched learning environment for children. The initiative not only benefits the local community by addressing childcare needs but also contributes to economic growth, especially in light of the current labour shortage.

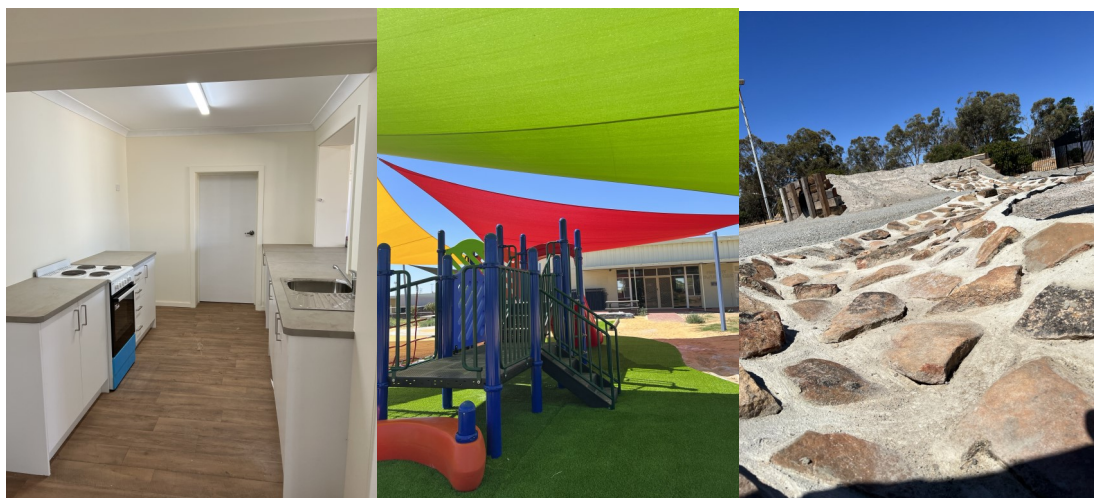

Collaborating with the current daycare provider, REED (Regional Early Education & Development Inc), the Shire of Pingelly has made significant progress toward realising this vision:

1. Community and stakeholder consultations were conducted in May 2023.
2. A lease agreement was established between the Shire and REED for the daycare area.
3. REED secured a substantial grant for renovating and outfitting the daycare section, including purchasing new play equipment.
4. Funding was allocated by the Shire for the renovation and outfitting of the playgroup area.
5. Construction work, including interior walls, electrical updates, asbestos management, and toilet renovations, has been completed by the Shire.
6. Renovation and outfitting of both daycare and playgroup sections are nearing completion.

However, several tasks remain to be finalised:

1. Installation of fencing around the daycare playground by REED.
2. Surveying of both interior and exterior areas of the daycare by a licensed surveyor to determine maximum capacity.
3. Accreditation of the daycare by the National Childcare Accreditation Council (NCAC), expected to take 3-4 months.
4. Transfer of play equipment and shade sails from the existing facility to the playgroup area of PCCC.

These tasks must be completed sequentially to ensure the smooth transition and completion of the expanded childcare services.

SNAP, SEND, SOLVE!

Snap, Send, Solve is the ultimate problem-solving companion in your pocket. This free app simplifies the process of reporting issues that require attention by connecting users directly with the appropriate authorities. From broken items to burst water pipes, or blown light bulbs, Snap, Send, Solve streamlines the reporting process by sending problem notifications through the right channels. With just a snap and a few taps, users can swiftly notify the relevant people, empowering them to get straight to solving the issue. Whether it's notifying the Shire, Water Corp, or Western Power, Snap, Send, Solve ensures that problems can be addressed efficiently and effectively.

POOL REGULATIONS

As summer heats up, the allure of a refreshing dip in your own swimming pool becomes irresistible. But before you dive in, it's crucial to ensure your pool meets the necessary safety standards. In Western Australia, compliance with the Building Act 2011 and Building Regulations 2012 is mandatory for all private swimming and spa pools. These regulations mandate the provision of barriers to ensure safety, especially where water depths exceed 300mm. At the Shire of Pingelly, we're here to help. Feel free to reach out for guidance and assistance, ensuring your summer is not just fun but also safe for everyone enjoying your pool oasis.

ROADWORKS

Please be advised that roadworks will be taking place on Wickepin-Pingelly Road over the course of the next month. These necessary works are aimed at improving the infrastructure and safety of the road for all users. During this period, we kindly ask all motorists to exercise caution and patience while traveling along this route. Delays may occur, so we urge you to plan your journeys accordingly and allow for extra time.

Your cooperation and understanding during this time are greatly appreciated as we work to improve the road conditions for everyone's benefit. Remember to adhere to all signage and instructions provided by road workers for your safety and the safety of others.

DOG REGISTRATIONS

Registering your beloved pets is not just a legal requirement; it's also essential for their safety and well-being. According to the Cat Act 2011 and the Dog Act 1976, all cats and dogs must be microchipped. Dogs are required to be microchipped by 3 months of age, while cats should be microchipped by 6 months. Additionally, whenever a cat or dog is transferred to a new owner, regardless of age, they must be microchipped. Furthermore, both acts mandate that cats and dogs be registered with the local government where they are kept. By adhering to these regulations, you not only comply with the law but also ensure that your furry companions can be easily identified and returned home if they ever go missing.
