#### **Summary**

In Accordance with the *Local Government Act 1995* Section 5.25 (1) and *Local Government (Financial Management) Regulations 1996*, Monthly Financial Statements are required to be presented to Council, in order to ensure that income and expenditure is in keeping with budget forecasts.

The Monthly Statement of Financial Activity for the months of July and August 2024 are attached for Council consideration and adoption. This report now incorporates new Australian Accounting Standards Board (AASB) requirements effective from 1 July 2019. AASB 15 Revenue from Contracts with Customers (IFRS 15), AASB 1058 Income for Not-for Profit Entities, AASB 16 Lease replaces AASB 117 (IFRS 16).

#### **Background**

In order to prepare the monthly statements, the following reconciliations have been completed and verified:

- Reconciliation of assets, payroll and taxation services;
- Reconciliation of all shire's bank accounts, including term deposits;
- Reconciliation of rates, including outstanding debtors;
- Reconciliation of sundry creditors and debtors;

#### **Comment**

The monthly financial report has been prepared in accordance with statutory requirements and provides Council with their financial position as at 31 July 2024 and 31 August 2024.

A budget amendment is being requested in light of the following:

1. Additional community grants submissions have been received that require a budget amendment of \$5,000 prior to awarding.
2. The \$5,000 CMFC grant received in 23/24 was unspent at 30 June 2024. An amendment is sought to enable the committed funds to be expended as it was omitted from the adopted budget.
3. Provide for the anticipated increase in the Swimming Pool Contract Management expenses of an additional \$16,100.
4. The recently awarded grant for the PRACC generator requires a 50% matching contribution from Council for \$23,791.
5. The need to paint the windows at the Shire's Administration Building, for \$10,500 by a contractor.

The PRACC generator and painting the windows at the Shire's Administration Building can be funded by reducing the transfer to the Building Reserve by \$34,291 from \$50,000 to \$15,709. The opening balance of the Building Reserve is \$364,146 with the interest (\$13,812) and reduced transfer (\$15,709), the closing balance will be \$393,667.

This amendment will leave a minor deficit position of \$26,100. It is intended to address this deficit at the mid-year budget review.

All land except exempt land in the Shire of Pingelly is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

All land except exempt land in the Shire of Pingelly is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2024/25 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.
