### SHIRE OF PINGELLY FOR THE PERIOD 1 JULY 2017 TO 31 MARCH 2018 Report on Significant variances Greater than 10% and \$5,000

### Purnose

The purpose of the Monthly Variance Report is to highlight circumstances where there is a major variance from the YTD Monthly Budget and YTD Actual figures. These variances can occur because of a change in timing of the activity, circumstances change (e.g. a grants were budgeted for but was not received) or changes to the original budget projections. The Report is designed to highlight these issues and explain the reason for the variance.

| REPORTABLE OPERATING REVENUE VARIATIONS   |                       |             |
|---|-----------------------|-------------|
| Education and Welfare - Variance below budget expectations  |                       | 188,468     |
| Wheatbelt Development Commission - Community Chest Funding Sensory Garden YTD Budget less than  |                       |             |
| YTD Actuals- first \$20,000 received second payment of \$10,00 not yet received (Timing Difference)   | (2,500)               |             |
| PAAA Grant from WA Country Health Service YTD Actual more than YTD Budget (Timing Difference)  Recreation and Culture - variance above budget expectations                                      | 195,184               | (4 504 053) |

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

### Leave Reserve

- to be used to fund annual and long service leave requirements.

### Plant Reserve

- to be used for the purchase of major plant.

### **Building and Recreation Reserve**

- to be used to fund the renovation/purchase of Shire of Pingelly buildings and Recreation Infrastructure. **Electronic Equipment Reserve** 

- to be used to fund the purchase of administration computer system equipment.

### Community Bus Reserve

- to be used to fund the change-over of the community bus.

### Swimming Pool Reserve

- to be used to fund the upgrading of the swimming pool complex

### Joint Venture Housing Reserve

- to be used for the future maintenance of the Joint Venture units

### Refuse Site Rehab/Closure Reserve

- to be used to faciliate the rehabilitation/closure of the town refuse site.

All land except exempt land in the Shire of Pingelly is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources The general rates detailed above for the 2015/16 financial year have been determined by Council on the basis of raising the revenue required other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year. The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

### NOTES TO AND FORMING PART OF THE STATEMENT OF FINANCIAL ACTIVITY

### FOR THE PERIOD 1 JULY 2017 TO 31 MARCH 2018

### 10. FINANCIAL RATIOS

|  | 2018<br>YTD | 2017        | 2016 | 2015 |
|--|-------------|-------------|------|------|
| Current Ratio<br>Operating Surplus Ratio | 18.06       | 3.04 (0.62) | 1.05 | 3.89 |

The above ratios are calculated as follows:

### **Current Ratio**

(Current Assets MINUS Restricted Assets)
(Current Liabilities MINUS Liabilities Associated with Restricted Assets)

### Purpose:

This is a modified commercial ratio designed to focus on the liquidity position of a local government that has arisen from past year's transactions.

### Standards:

The standard is not met if the ratio is lower than 1:1 (less than 100%) The standard is met if the ratio is greater than 1:1 (100% or greater)

Below Std
Std met

A ratio less than 1:1 means that a local government does not have

sufficient assets that can be quickly converted into cash to meet its immediate cash commitments. This may arise from a budget deficit from the past year, a Council decision to operate an overdraft or a decision to fund leave entitlements from next year's revenues.

### **Operating Surplus Ratio**

(Operating Revenue MINUS Operating Expense)
(Own Source Operating Revenue)

### Purpose:

This ratio is a measure of a local government's ability to cover its operational costs and have revenues available for capital funding or other purposes.

### Standards:

Basic Standard is not met less than < 1% (< 0.01)
Basic Standard between 1% and 15% (0.01 and 0.15)
Advanced Standard greater than > 15% (>0.15).

### 1 Executive Summary

At the request of the Shire of Pingelly a preliminary risk management inspection was undertaken at the off road motorbike track in order to assess potential Shire exposure to risk and public liability issues. The following report describes the observations made during this process, including potential hazards and possible risk control options.

Existing risk control options appear limited to administrative risk controls in the form of signage which does not fully cover all potential issues associated with usage of the track.

There are several unknown variables associated with the track that have not yet been able to be determined, but would be of benefit to the Shire to ascertain, including:

- Number and demographic of users, including peak periods and times of use
- The presence of any motorcycle club involvement and any formal arrangement that may exist to set out roles and responsibilities of stakeholders

It is recommended that the Shire identify all stakeholders and develop a track management plan which considers the risk elements contained in this, and preceding reports, so as to clearly document various roles, responsibilities and risk control options that are to be implemented.

LGIS has developed an "Off Road Vehicle Area Guidance Note", (attached), which may be of use in identification of elements that should be considered for inclusion in a track management plan, and is also able to provide a formal proposal for provision of assistance in further risk assessment and control options including development of a draft track management plan if required. The scope of this further work to be completed by a senior LGIS liability risk consultant would be considered as fee for service.

### 1.1 Location

The off road motorbike track is located approximately 2 km South of the Pingelly town centre at Lot Number 9593 which is bounded by the Rifle Range, Shire Refuse Site and Water Authority tank facility.

Main access to the is gained via Paragon St, which also services the Refuse Site and Water Authority tank, then a side track is taken to the South which leads into the off road track parking area.

There are no dwellings in the immediate vicinity of the off road motor bike track, the closest being those at the Southern edge of the Pingelly Townsite and within the farm located approximately 2 km to the North West.

It is unlikely that neighbouring dwellings would be adversely affected by noise or dust issues, although this perception would have to be quantified through survey or monitoring if required.

Image showing general location of motorbike track proximity to Townsite and nearest farm [Image Googlemaps]

### 1.2 Construction / Maintenance / Layout

The off road motor bike track is constructed from natural ground materials, incorporating ground contours and is laid out in a winding fashion inclusive of loops, jumps and banked turns. The track runs through bushland and has trees of varying sizes as well as bush debris, rocks, tyres and some signage located in immediate proximity to the track.

The track was constructed by community members and it is unknown if any industry standards were referred to during the design and construction stage or if the persons constructing the track had any experience or qualifications in this regard.

The Shire of Pingelly does not conduct any regular documented safety inspections of the track and similarly does not perform any maintenance activities on the track. In parts, the track has water rutted areas present which are in the vicinity of up to 30cm in depth / width over a number of metres.

Image showing layout of track and boundaries of Rifle Range to North West, Refuse site to North East. [Image – Nearmap]

Images looking towards (LHS) and back from (RHS) the first turn in the track. The presence of converging track elements increase potential for collision to occur.

Images showing banked turn with uneven surfaces, vegetation in close proximity to track and evidence of tyre marks on higher aspects of turn. The close proximity of vegetation increases potential for impact to occur.

Images showing banked turn and downhill section leading out of the turn with encroaching vegetation evident at both.

Images showing erosion wash outs on downhill section of the track which could increase potential for loss of control to occur.

Image showing aspect of track where opposite directions of travel occur, increasing risk of collision should a rider cross over to the other track element especially as ground contours partially obscure vision.

Images showing various rocks and tyres laying around the track, including (on left) between two adjacent sections of track, which could be also used as a 'shortcut' increasing risk of collision between users.

Image showing vegetation apparently impacted by motorbike

Image showing vegetation in vicinity of impact damaged vegetation either deliberately broken or also impact damaged.

### 1.3 Signage

Signage has been placed at various locations leading into, around and within the track precinct, including:

- Off road vehicle proclamation sign at start of entry access track off Paragon St
- Welcome and general warning sign at (main) track entry point
- Track directional signage
- · Rifle range demarcation warning signage
- Refuse site "no littering" signage

Images showing the location and content of the signage at entry access track

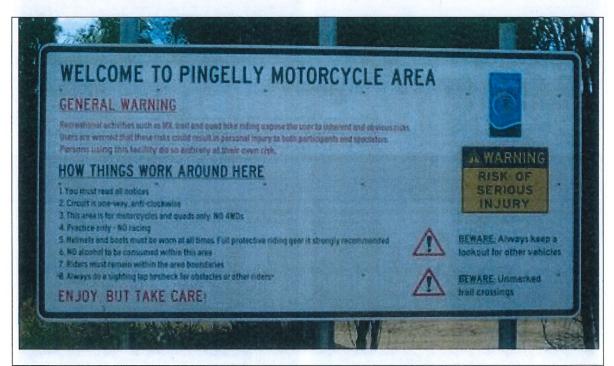

Image showing welcome / warning signage at main track entry point / parking area

Images showing welcome warning signage and adjacent directional sign (with graffiti damage)

Images showing directional signage in close proximity to track, increasing potential for user impact with metal support post.

Images showing rifle range demarcation and no littering signage

### 1.4 User Groups

The Shire of Pingelly has stated that it believes the motorbike track is utilised by both local and potentially wider user groups. It is unknown if motorcycle clubs use the venue or if there are any formal agreements in place.

Arranged events are not known, (by the Shire), to be held at the facility.

It would be useful to conduct evaluation and quantification of user numbers including determination of seasonal usage, weekly usage and times of use. It would also be useful to survey users to determine demographic and skill level of users.

### 1.5 Potential Hazards Identified

As depicted in the images above, several hazards associated with the off road motorbike track were identified, including:

- Potential for riders to impact with other motorised traffic, travelling in the opposite or same direction, as tracks converge or opportunity exists to cross over into another section of the track
- Potential for riders, especially if inexperienced, to lose control when hitting rough sections of track or erosion washouts.
- Potential for riders to impact trees, vegetation, rocks, tyres or signage support elements whilst negotiating track
- Potential for riders to impact pedestrians or pets (dogs)
- · Potential for interaction with horse riders or bushwalkers
- Use of area during vehicle movement bans or total fire bans (potential for fire during refuelling or as a result of accidental loss of control)
- Minimum age of users is not defined
- · Lack of toilet and waste disposal facilities at the venue

### 1.6 Risk Mitigation Considerations

The implementation of the following considerations would assist to mitigate the risk exposure associated with the off road motorbike track area:

- Determine and quantify numbers and demographic of users, including seasonal, day of week and hours of use.
- Consider obtaining risk management input from a body such as Trail Bike Management Australia (TBMA). [Note: TBMA has apparently previously conducted such an assessment for the Shire during September 2009]
- Develop a documented management policy or plan which could include:
  - Objectives of motorbike track facility
  - o Rules and regulations
  - Days and hours of operation
  - Identification of key stakeholders
  - Stakeholder responsibilities
  - o Regulatory enforcement considerations
  - o Inspection and maintenance considerations and frequencies
  - Equipment required
  - o Financial considerations

- Implement a means for reporting of hazards and issues
- Document outcomes of regular inspections and track any identified issues through to closure
- Implement a maintenance regime with consideration of frequency of usage and events that may cause track deterioration
- Consider using TBMA to determine a 'track rating', indicating what level of competence would be deemed sufficient in order to safely negotiate the track or elements thereof (such as advanced, intermediate or beginners)
- Consider indicating minimum user age requirements on signage
- Undertake steps to prevent users being able to 'cross over' into other elements of the track
- Remove vegetation and objects that encroach upon the track or likely 'run off' areas immediately adjacent to the track
- Include signage element prohibiting pedestrian access to track or bringing pets onto the facility
- Include advice regarding restrictions on use during vehicle movement bans or fire prohibition periods
- Ensure boundary signage is erected at all potential entry points so as to warn other users, such as horse riders or bushwalkers, of the area use
- Consider, dependant on usage figures, provision of waste management strategies such as toilet facilities and bins
- Ensure that means exist for allowing emergency services to access all areas of the facility to assist in provision of emergency response if required

### Pingelly Off Road Vehicle Area

**Preliminary Risk Mitigation Recommendations** 

Version: 1.0

September 2009

### INTRODUCTION

The Shire of Pingelly provides a small Off Road Vehicle Area located off Quadrant Street, Pingelly. This area takes the form of a 1.2km motocross practice track surrounded by approximately 30Ha of bushland and has been in operation for some years.

The Shire Executive has recognised the risks involved in merely 'tolerating' the use of this site, and now wishes to evaluate whether the site can be managed, or needs to be closed.

The site clearly serves a public purpose, by providing a place where motocross and trail riders can enjoy their recreation in a setting that is away from public roads and residential areas.

As Unallocated Crown Land vested in the Shire, the Shire has the right as occupier of the land to grant permission, either explicitly or implicitly (as is currently the case) for use by vehicles that are not road registered and by riders who do not have driver's licences.

Such permission, however, exposes the Shire to a duty of care under the Occupiers' Liability Act and this constitutes both a financial risk and a reputation risk for the Shire. The extent to which this risk can be managed will greatly influence the Shire's decision in respect of the future of the area.

All trail and quad bike riding involves some risk. Most risk is within the control of the rider – ie the rider's responsibility to know the capabilities and limitations of the vehicle and to ride within his or her limits of strength, experience and skill. The landowner's duty of care is limited in this regard, as the participant is assumed to understand the risks of the activity and to be making his or her free choice to engage in it. In the case of minors, the decision – and responsibility – is deemed to be that of the parents or guardians.

The Civil Liability Amendment Act 2002 clarifies this personal responsibility, with specific reference to limiting liability in respect of recreational activities that have an 'obvious and inherent risk'.

There are other risks that are not inherent to the activity, but which derive from the nature of the environment. These are the risks of greatest concern to the landowner, for it can be said that these are risks that are – or should be – known to the landowner but which cannot be expected to be known intuitively by the rider and are therefore not 'obvious' risks.

The observations and recommendations contained within this report have been made to identify and address these risks at the Pingelly Off Road Vehicle Area.

If the findings of this report are implemented it is the view of the consultants that the area poses no greater risk to the Shire than other facilities typically provided such as skate parks, BMX circuits or bridle trails.

### **OBJECTIVES**

There are three key objectives in these recommendations:

- 1. Reduce the risk of injury to participants and spectators.
- 2. Manage the Shire of Pingelly's liability under the Occupiers' Liability Act.
- 3. Consider development opportunities for the facility and associated benefits for the shire.

### THIS DOCUMENT

This document forms part of the Risk Mitigation project and is the outcome of a site inspection conducted on Thursday 13<sup>th</sup> August. The site was audited, mapped and risks were recorded and this report documents those risks along with mitigation recommendations.

Appendices to this report are provided for a Signage plan, Parking and facilities plan, Maintenance plan and a Draft Code of Conduct.

### SUMMARY OF FINDINGS

The Pingelly off-road vehicle area was found to be a well maintained motocross track with many of the obvious risks already managed. Most of the jumps had alternative "B lines", the majority of the track was well cleared and most of the jumps had good landing zones.

### However:

- the area needs signage, both as a disclaimer of Shire responsibility and to inform riders about behavioural expectations
- there should be better delineation and a physical barrier between the car park and the circuit,
- the circuit requires obvious entry and exit points with clear directional markers,
- there are a few places where riders can short-circuit the track, potentially creating a collision risk
- there is a 4 way intersection, potentially creating a collision risk
- the 'double jumps' are considered hazardous
- some improvements could be made to water drainage
- the area surrounding the circuit itself could pose some risks if not managed.

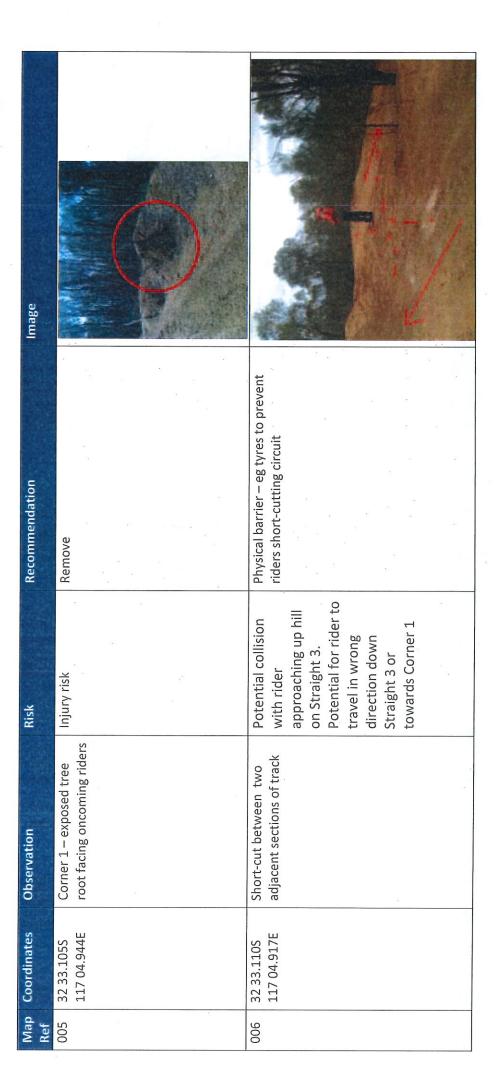

The following pages provide the full detail of each documented risk, its location, photos and mitigation recommendation.

<sup>&</sup>lt;sup>1</sup> Easier circuit alternative around larger jumps for less experienced riders.

## **DETAILED RISK ASSESSMENT**

| Map<br>Ref | Map Coordinates<br>Ref    | Observation              | Risk  | Recommendation  | Image |
|------------|---------------------------|--------------------------|---|---|-------|
| 003        | 32 33.144S<br>117 04.953E | Car park and track entry | Collision between vehicles on / entering track. Collision between motocycles and cars. Collision between vehicles and people. | Create a physical barrier to separate the car park from the circuit, with a clearly marked entry point to the circuit so that people know where the car park and entry road finishes and the circuit starts.  See Entry and Car Park plan for layout and Signage recommendations. |       |
| 0004       | 32 33.130S<br>117 04.947E | Jump 1                   | Collision between riders taking 'B Line' and those entering circuit from car park.  | a) Create a new 'B Line' to the left of Jump 1 (would require clearing of trees) or b) Relocate circuit entry to avoid conflict with Jump 1 'B Line'  |       |

| Image          |  |  |                           |   |
|----------------|--|--|---------------------------|---|
| Recommendation | Remove LH portion of jump to give alternative line for riders not wanting air before the downhill. Widen the fall zone by clearing some trees from left and right side of track. | a) prevent access to circuit by physical barrier eg tyres that can be removed to provide emergency vehicle access. Or b)Stop sign and circuit direction sign | None required             | See recommendations at 006.                           |
| Risk           | Intimidating for less experienced riders, could lead to loss of control. Landing area quite narrow, so in the event of a fall a following riders could end up in trees.          | Collision risk from cross traffic. Potential for entry to circuit in wrong direction.  | No issues                 | Riders travelling uphill have no visibility of        |
| Observation    | Jump 2 – landing area is on steep rutted downhill  | Four way intersection —  | Jump 3                    | Jump 4 – uphill ramp with flat landing at top of hill |
| Coordinates    | 32 33.1125<br>117 04.919E  | 32 33 137S<br>117 04.929E  | 32 33.141S<br>117 04.920E | 32 33.114S<br>117 04.916E                             |

| The second second |                |  |  |   |  |   |
|-------------------|----------------|--|--|---|--|---|
|                   | Image          |  |  |   |  |   |
|                   | Recommendation | Fill in middle section to create table-top jump.  NB: Motorcycling Australia national specifications for MX venues do not permit multiple jumps.  Block off short-cut. | None required  | None required   | Create tyre buffer on tree to 2m height  | Ref 008   |
|                   | Risk           | Landing short on a double jump creates significant injury risk. Double jump limits options for a following rider in the event of a fall.                               | No issues  | No issues   | If a rider were to get out of shape on the previous jump and hasn't regained control by this point they could end up in this tree. |   |
|                   | Observation    | Jump 8 – Double jump. 'B<br>line' on RH side.<br>Intersecting short-cut on<br>RH side of 'B Line'.   | Jump 9 - sharp little kicker<br>jump at about three feet in<br>height to a semi tabletop<br>with a slightly rutted down<br>slope | Jump 10 - two to two<br>and a half feet double<br>jump, mild gap in the<br>middle | Tree on the RH edge of track in direct line if a rider were to travel straight.  | Continuation of intersecting trail referred to in 008 |
| 1                 | Coordinates    | 32 33.146S<br>117 04.853E  | 32 33.142S<br>117 04.879E  | 32 33.141S<br>117 04.890E   | 32 33.139S<br>117 04.897E  | 32 33.141S<br>117 04.911E                             |
|                   | Ref            | 017  | 018  | 019   | 020  | 021   |

Page 11

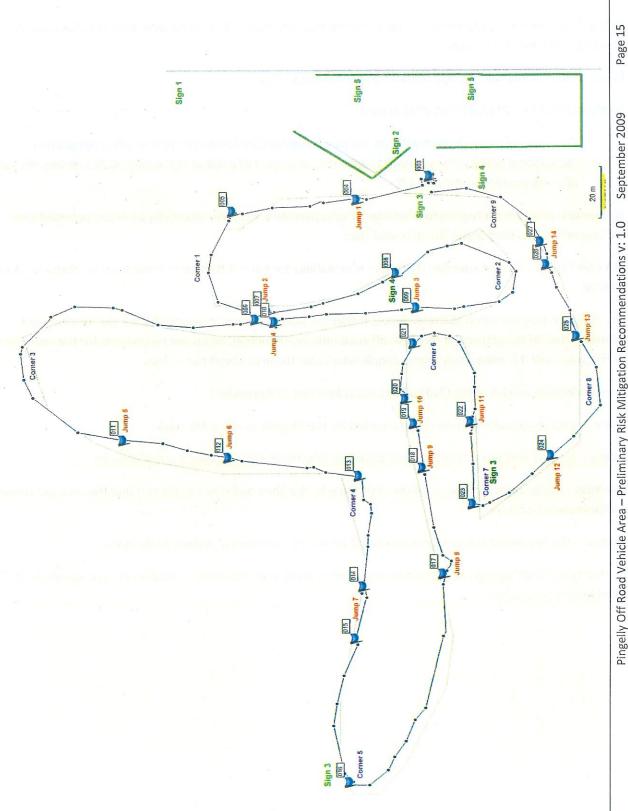

| lmage          |   |   |  |  |
|----------------|---|---|--|--|
| Recommendation | Fill in double to create a safer tabletop jump.  Consideration should be given to creating two 'B' lines around this particular jump, one to the right-hand side being a continuation of the 'B' line from the previous jump and the other on the left-hand side being a 'B' line for those who were confident enough to take the Jump 13, but who want to avoid Jump 14. |   | While this user-constructed feature is probably popular with the locals, such a feature at an unattended facility poses a significant risk. Recommendation is to consult with local riders to advise them of the issue and to remove this feature. | Consider designating and signing a network of one-way trails.  Encourage use as low speed, "family-friendly" novice / junior trails.       |
| Risk           | Refer double-jump comments at 017. This one has an additional problem in that the 'B' line of Jump 13, which was to the right, crosses to the left around Jump 14. Slower riders would therefore be crossing in front of faster riders  | Ref 026   | Serious Injury from inexperienced riders attempting freestyle ramp   | Collision risk from users of different experience levels using surrounding trails.   |
| Observation    | Jump 14 - double jump<br>with the middle removed.<br>'B' line to the left.  | Jump 14 - top of the<br>second of this double jump<br>set | Freestyle ramp   | Surrounding bushland area has several trails suitable for use by junior / novice riders. Intersecting trails, no clear sense of direction. |

Pingelly Off Road Vehicle Area – Preliminary Risk Mitigation Recommendations v: 1.0 September 2009

### SIGNAGE PLAN

In any unsupervised facility, effective signage is the most practical way of communicating important safety, courtesy and control messages.

In the context of liability, signage has a very specific role to play.

Section 5I of the Civil Liability Act 2002 states:

(1) ... a person (the defendant) does not owe a duty of care to another person who engages in a recreational activity (the plaintiff) to take care in respect of a risk of the activity if the risk was the subject of a risk warning to the plaintiff.

This section provides protection to a landowner who permits a recreational activity to occur, provided that participants are warned about the potential risks.

The Civil Liability Act also specifies that there is no liability for harm if that harm arose from an obvious risk of the activity.

The common interpretation of these clauses is that the landowner is not responsible for the 'obvious and inherent' risks of the activity (in this case off-road motorcycle riding), and is not responsible for the risks inherent to the area itself if it adequately warns people who enter the area about those risks.

A more detailed extract of the Civil Liability Act is included as Appendix 1.

There are three message themes recommended for the Pingelly practice MX track:

Safety – alerting entrants to the risks and providing information to minimise the risk of harm

**Courtesy** – suggestions on how to do the right thing by the Shire and other visitors so that the area can remain available into the future

Control – the important instructions (area rules) on what is expected of visitors to the area.

The following Draft Signage Plan outlines suggested content and placement. A budget of approximately \$1,500 should cover production.

# Interim Concept Signage Plan

Pingelly Motorcycle Area September 2009

### Objective

- To alert users of the ORV Area to the specific risks of the area
- To articulate boundaries of acceptable conduct
- To provide protection under CLA2003

# Suggested Messages

- Area Rules
- Safety equipment
- No racing practice only
- No alcohol
- No cars or 4WDs beyond car park
- Stay within boundaries
- No littering or dumping of rubbish
- General ORV warning Enter at Own Risk
- Specific Hazards
- Blind corners, trail crossings
- Other vehicles

Sign 1: Off Road Area

Quantity: 1 Size: 900 x 1200

Position: 32 33.091S 117 04.974E Prominently at main entrance

### Off Road Vehicle Area Motorcycles Only

IT IS A CONDITION OF ENTRY
THAT ALL VISITORS MUST
READ THE MAIN NOTICE
BOARD AND WARNINGS
BEFORE PROCEEDING TO THE
RIDING AREA

Your safety is our concern but your responsibility

# Sign 2: General Warning / Main Information

Quantity: 1

 $900 \times 1800$ Size:

Position: 32 33.141S 117 04.957E Prominently in car park near entrance to circuit.

## WELCOME TO PINGELLY MOTORCYCLE AREA

### GENERAL WARNING

Jsers are warned that these risks could result in personal Recreational activities such as MX, trail and quad bike iding expose the user to inherent and obvious risks. injury to both participants and spectators.

Persons using this facility do so entirely at their own risk.

### HOW THINGS WORK AROUND HERE

- You must read all notices
- Circuit is one-way, anti-clockwise
- This area is for motorcycles and quads only. No 4WDs
  - Practice only no racing
- Helmets and boots must be worn at all times. Full protective riding gear is strongly recommended.
  - No alcohol to be consumed within this area 6
- Riders must remain within the area boundaries . « .
- Always do a 'sighting lap' to check for obstacles or other riders

**ENJOY, BUT TAKE CARE!** 

lookout for other vehicles. **BEWARE:** Always keep a

**BEWARE:** Unmarked trail crossings.

### Sign 3: One Way (Right)

### **PARKING AND FACILITIES PLAN**

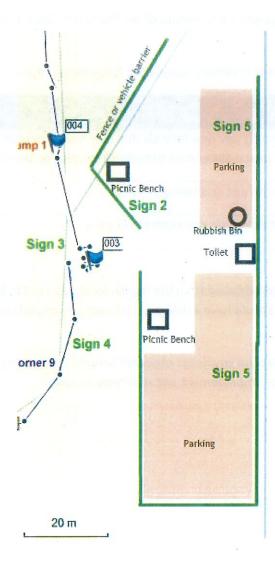

Moving from a 'tolerated' area to a 'managed' area involves shaping the behaviour of visitors. One of the most effective ways of communicating desired behaviour is by creating facilities that make it clear where visitors should do certain things.

In the case of the Pingelly Off Road Vehicle Area there are several behaviours we would want to influence:

| Behaviour   | Facility   |  |  |
|---|--|--|--|
| How people enter the area                                 | Maintain entry road suitable for access by cars towing trailers. Signage at entry point (Sign 1)   |  |  |
| Where they park   | Define car parking area by erecting physical barrier between parking area and circuit. Wire fence is ideal, but other barrier techniques such as rocks or logs can be used. Clear vegetation among trees (but leave trees for shade) within the area.  |  |  |
| Where non-riders congregate                               | One or more vandal-resistant picnic benches can be installed within the car park but close to the circuit.   |  |  |
| Where they ride (and how they enter and exit the circuit) | A single entry / exit point should be allowed for in the car park fence / barrier.   |  |  |
| What they do with their rubbish                           | Providing a rubbish bin in the car parking area is the best way of guiding visitors to dispose of their rubbish properly, but the size of bin and frequency of removal needs to be balanced with the resource implications.  In some locations the provision of a large skip bin seems to be an invitation to dump household rubbish, however in this case the proximity to the Shire Tip should avoid this. Accordingly, a skip bin is recommended to reduce the frequency of collection. |  |  |
| Where they go to the toilet                               | Consideration should be given to a waterless toilet system such as Rotaloo www.rotaloo.com.au  |  |  |
| A general level of respect for the facility.              | The combination of the above suggested facilities tells visitors to the area that they are within a planned recreation precinct that has been provided for their benefit. The more attractive the facility, the more pride local users will take in it and the easier it will be to encourage volunteer management of the facility.  |  |  |

### **CONCEPT FACILITIES PLAN**

The following diagram is for indicative purposes only. It is assumed that Shire Facilities Planners, in conjunction with local users will develop specific on-the-ground plans based on the principles outlined here.

### MAINTENANCE PLAN

A program of inspection and maintenance is an important element in Duty of Care. This does not suggest that the circuit and facilities need to maintained in pristine condition at all times as it is typical for club motocross tracks, for example, to be graded only before major meetings and can become very rough and rutted between times.

The level of maintenance required will depend on the amount of use the facility attracts and will also vary by season.

From observation of the track surface we would initially suggest the following program:

| Frequency   | Activity   |
|-------------|--|
| Monthly     | Risk inspection to identify any new hazards that may have emerged. Rectification to be either scheduled for next maintenance or earlier according to severity. |
| Quarterly   | Bobcat grading of circuit and re-shaping of jumps  |
| Semi-Annual | Formal, independent Risk Audit and report to Council   |

A volunteer 'Friends of...' group should be established from the regular local users of the facility. This need not be a formally incorporated association, but it should have a delegated contact person and corresponding Council contact.

The 'Friends of...' group can provide feedback on any issues observed between formal inspections and can be encouraged to provide volunteers for minor improvement and maintenance work.

### **CODE OF CONDUCT ("How things work around here")**

It is important to clearly state the expectations of behaviour from visitors to the area.

These need not be onerous or overly restrictive, and should be communicated in a tone of "How things work around here" rather than being seen as Authoritarian Rules.

Distribution can be via prominent on-site signage, via the Shire web site and via a simple printed leaflet which can be made available through the Shire Office and relevant local businesses.

### Suggested messages are:

- All notices must be read. This places the onus on the visitor to inform him/herself of all instructions, restrictions and warnings.
- All visitors riders *and* spectators must acknowledge the risks of remaining in the area and are responsible for their own safety.
- Circuit is one-way, anti-clockwise.
- The circuit is for motorcycles and quad bikes only no buggies or 4WDs.
- Unless road-registered and ridden by a licenced rider, all vehicles must be trailered to the facility.
- The circuit is for practice only. It has not been designed for head to head racing.
- Helmets and boots are mandatory at all times full protective gear is strongly recommended.
- No alcohol to be consumed within the area.
- Riders must remain within the area boundaries.
- Riders should always make the first lap (each session) a 'sighting' lap to check for obstacles and other riders on the circuit.
- Riders should be courteous to other riders on the circuit and take special care when there are younger riders or novices on the track.
- All visitors should deposit any rubbish in bins (if provided) or take their rubbish away with them.
- Any hazards should be reported to the Shire or the 'Friends of...' group.

### **Appendix 1: Surrounding Bushland**

### SURROUNDING BUSHLAND

Although not within the scope of this project, the consultants observed that the bushland surrounding the circuit itself has a series of firebreak style trails that are suitable for junior or novice riders. The overall area (including the circuit) is approximately 40Ha and it is estimated that several kilometres of trails would be possible within this area.

There is considered a strong likelihood that visitors to the circuit may also ride within this extended area, giving rise to the question of how this should be managed.

### Management options include:

level.

- Prohibit riding outside of the MX circuit.
   Would be difficult to enforce, would deprive junior riders and novices of an opportunity for more suitable riding terrain and would require that riders of all abilities use the main MX circuit.
- Tolerate but not promote or encourage riding outside of the MX circuit. Creates an ambiguity about whether permission has or has not been granted, would require definition of enforceable no-go areas such as the vicinity of the rifle range and the public roadway to the tip site. Would require active management to prevent proliferation of user-created trails. Duty of Care would remain, but at lower
- Develop this extended area as a "family trails" zone with signed, one-way trails and a risk management regime similar to that used for the MX circuit. Would extend the utility of the facility, encourage separation of novice and experience riders and provide a more family-oriented facility. However would increase the Duty of Care obligations and require definition (preferably by fencing) of enforceable no-go areas such as the vicinity of the rifle range and the public roadway to the tip site. Would require active management to prevent proliferation of user-created trails.

| Appendix 2: Civi | l Liability Amendme | nt Act 2002 |  |
|------------------|---------------------|-------------|--|
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |
|                  |                     |             |  |

Liability for harm caused by the fault of a person Recreational activities Part 1A Division 4

s. 5D

(4) For the purpose of determining the scope of liability, the court is to consider (amongst other relevant things) whether and why responsibility for the harm should, or should not, be imposed on the tortfeasor.

[Section 5C inserted by No. 58 of 2003 s. 8.]

### 5D. Onus of proof

In determining liability for damages for harm caused by the fault of a person, the plaintiff always bears the onus of proving, on the balance of probabilities, any fact relevant to the issue of causation.

[Section 5D inserted by No. 58 of 2003 s. 8.]

### Division 4 — Recreational activities

[Heading inserted by No. 58 of 2003 s. 8.]

### 5E. Terms used in this Division

In this Division —

dangerous recreational activity means a recreational activity that involves a significant risk of harm;

*inherent risk* means a risk of something occurring that cannot be avoided by the exercise of reasonable skill and care;

obvious risk has the meaning given by section 5F;

recreational activity includes —

- (a) any sport (whether or not the sport is an organised activity);
- (b) any pursuit or activity engaged in for enjoyment, relaxation or leisure; and
- (c) any pursuit or activity engaged in for enjoyment, relaxation or leisure at a place (such as a beach, park or other public open space) where people ordinarily engage in sport or in any pursuit or activity for enjoyment, relaxation or leisure.

Civil Liability Act 2002

Part 1A

Liability for harm caused by the fault of a person

Division 4

Recreational activities

s. 5F

[Section 5E inserted by No. 58 of 2003 s. 8.]

### 5F. Meaning of obvious risk

- (1) For the purposes of this Division, an obvious risk to a person who suffers harm is a risk that, in the circumstances, would have been obvious to a reasonable person in the position of that person.
- (2) Obvious risks include risks that are patent or a matter of common knowledge.
- (3) A risk of something occurring can be an obvious risk even though it has a low probability of occurring.
- (4) A risk can be an obvious risk even if the risk (or a condition or circumstance that gives rise to the risk) is not prominent, conspicuous or physically observable.

[Section 5F inserted by No. 58 of 2003 s. 8.]

### 5G. Application of Division

- (1) This Division applies only in respect of liability for harm resulting from a recreational activity.
- (2) This Division does not limit the operation of Division 6 in respect of a recreational activity.

[Section 5G inserted by No. 58 of 2003 s. 8.]

### 5H. No liability for harm from obvious risks of dangerous recreational activities

- (1) A person (the *defendant*) is not liable for harm caused by the defendant's fault suffered by another person (the *plaintiff*) while the plaintiff engaged in a dangerous recreational activity if the harm is the result of the occurrence of something that is an obvious risk of that activity.
- (2) This section applies whether or not the plaintiff was aware of the risk.

page 10 Version 02-f0-01 As at 27 Jun 2009

Liability for harm caused by the fault of a person Recreational activities Part 1A Division 4

s. 51

- (3) This section does not apply if
  - (a) the plaintiff has requested advice or information about the risk from the defendant; or
  - (b) the defendant is required by a written law to warn the plaintiff of the risk.
- (4) Subsection (3) does not give rise to a presumption of a duty to warn of a risk in the circumstances referred to in that subsection. [Section 5H inserted by No. 58 of 2003 s. 8.]

### 5I. No liability for recreational activity where risk warning

- (1) Subject to this section, a person (the *defendant*) does not owe a duty of care to another person who engages in a recreational activity (the *plaintiff*) to take care in respect of a risk of the activity if the risk was the subject of a risk warning to the plaintiff.
- (2) If a child suffers harm, the defendant may rely on a risk warning to a parent of the child if the parent is not an incompetent person—
  - (a) whether or not the child was accompanied by the parent;
  - (b) whether or not the child was under the control of the parent.
- (3) If a child suffers harm, the defendant may rely on a risk warning to another person who is not a parent of the child if
  - (a) the other person is not an incompetent person; and
  - (b) either
    - (i) the child was accompanied by that other person; or
    - (ii) the child was under the control of that other person.
- (4) For the purpose of subsections (1), (2) and (3), a risk warning to a person in relation to a recreational activity is a warning that is

Part 1A Liability for harm caused by the fault of a person

**Division 4** Recreational activities

s. 51

given in a manner that is reasonably likely to result in people being warned of the risk before engaging in the recreational activity.

- (5) The defendant is not required to establish that the person received or understood the warning or was capable of receiving or understanding the warning.
- (6) A risk warning can be given orally or in writing (including by means of a sign or otherwise).
- (7) A risk warning need not be specific to the particular risk and can be a general warning of risks that include the particular risk concerned (so long as the risk warning warns of the general nature of the particular risk).
- (8) A defendant is not entitled to rely on a risk warning unless it is given by or on behalf of the defendant or by or on behalf of the occupier of the place where the recreational activity is engaged in
- (9) A defendant is not entitled to rely on a risk warning if it is established (on the balance of probabilities) that the harm concerned resulted from a contravention of a written law, or a law of the Commonwealth, that establishes specific practices or procedures for the protection of personal safety.
- (10) A defendant is not entitled to rely on a risk warning to a person to the extent that the warning was contradicted by any representation as to risk made by or on behalf of the defendant to the person.
- (11) A defendant is not entitled to rely on a risk warning if the plaintiff was required to engage in the recreational activity by the defendant.
- (12) A defendant is not entitled to rely on a risk warning if it is established (on the balance of probabilities) that the harm concerned resulted from an act done or omission made with

Liability for harm caused by the fault of a person Recreational activities Part 1A Division 4

s. 5J

- reckless disregard, with or without consciousness, for the consequences of the act or omission.
- (13) A defendant is not entitled to rely on a risk warning to an incompetent person.
- (14) The fact that a risk is the subject of a risk warning does not of itself mean
  - (a) that the risk is not an obvious risk or inherent risk of an activity; or
  - (b) that a person who gives the risk warning owes a duty of care to a person who engages in an activity to take precautions to avoid the risk of harm from that activity.
- (15) This section does not limit or otherwise affect the effect of a risk warning in respect of a risk of an activity that is not a recreational activity.
- (16) In this section —

*child* means a person who has reached 16 years but is under 18 years of age;

*incompetent person* means a person who is under 18 years of age or who, because of a physical or mental disability, lacks the capacity to understand the risk warning.

[Section 51 inserted by No. 58 of 2003 s. 8.]

### 5J. Waiver of contractual duty of care for recreational activities

- (1) Despite any written law or other law of the State, a term of a contract for the supply of recreational services may exclude, restrict or modify any liability to which this Division applies that results from breach of an express or implied warranty that the services will be rendered with reasonable care and skill.
- (2) No written law renders such a term of a contract void or unenforceable or authorises any court to refuse to enforce the term, to declare the term void or to vary the term.

As at 27 Jun 2009

Version 02-f0-01

page 13

Off Road Vehicle Regulatory Environment

Civil Liability Act 2002

Part 1A

Liability for harm caused by the fault of a person

Division 5

Contributory negligence

s. 5K

- (3) A term of a contract for the supply of recreational services that is to the effect that a person to whom recreational services are supplied under the contract engages in any recreational activity concerned at his or her own risk operates to exclude any liability to which this Division applies that results from breach of an express or implied warranty that the services will be rendered with reasonable care and skill.
- (4) This section applies in respect of a contract for the supply of services entered into before or after the commencement of this section but does not apply in respect of a breach of warranty that occurred before that commencement.
- (5) This section does not apply if it is established (on the balance of probabilities) that the harm concerned resulted from a contravention of a written law, or a law of the Commonwealth, that establishes specific practices or procedures for the protection of personal safety.
- (6) This section does not apply if it is established (on the balance of probabilities) that the harm concerned resulted from an act done or omission made with reckless disregard, with or without consciousness, for the consequences of the act or omission.
- (7) In this section —

recreational services means services supplied to a person for the purposes of, in connection with or incidental to the pursuit by the person of a recreational activity.

[Section 5J inserted by No. 58 of 2003 s. 8.]

### Division 5 — Contributory negligence

[Heading inserted by No. 58 of 2003 s. 8.]

### 5K. Standard of contributory negligence

(1) The principles that are applicable in determining whether a person is liable for harm caused by the fault of the person also apply in determining whether the person who suffered harm has

page 14 Version 02-f0-01 As at 27 Jun 2009

Liability for harm caused by the fault of a person Contributory negligence Part 1A Division 5

s. 5L

been contributorily negligent in failing to take precautions against the risk of that harm.

- (2) For that purpose
  - (a) the standard of care required of the person who suffered harm is that of a reasonable person in the position of that person; and
  - (b) the matter is to be determined on the basis of what that person knew or ought to have known at the time.

[Section 5K inserted by No. 58 of 2003 s. 8.]

### 5L. Presumption if person who suffers harm is intoxicated

- (1) This section applies when it is established that the person whose harm is the subject of proceedings for the recovery of damages for that harm was intoxicated at the time of the act or omission that caused the harm.
- (2) This section does not apply in a case where the court is satisfied that the intoxication was not self-induced.
- (3) If this section applies, it is to be presumed that the person was contributorily negligent unless the plaintiff establishes, on the balance of probabilities, that the person's intoxication did not contribute in any way to the cause of the harm.
- (4) In this section —

*intoxicated* means affected by alcohol or a drug or other substance capable of intoxicating a person to such an extent that the person's capacity to exercise reasonable care and skill is impaired.

[Section 5L inserted by No. 58 of 2003 s. 8.]

As at 27 Jun 2009

Division 6

Assumption of risk

s. 5M

### Division 6 — Assumption of risk

[Heading inserted by No. 58 of 2003 s. 8.]

### 5M. Term used in this Division

In this Division —

obvious risk has the meaning given by section 5E.

[Section 5M inserted by No. 58 of 2003 s. 8.]

### 5N. Injured person presumed to be aware of obvious risk

- (1) In determining liability for damages for harm caused by the fault of a person, the person who suffers harm is presumed to have been aware of the risk of harm if it was an obvious risk, unless the person proves on the balance of probabilities that he or she was not aware of the risk.
- (2) For the purpose of this section, a person is aware of a risk if the person is aware of the type or kind of risk, even if the person is not aware of the precise nature, extent or manner of occurrence of the risk.

[Section 5N inserted by No. 58 of 2003 s. 8.]

### 50. No duty to warn of obvious risk

- (1) A person (the *defendant*) does not owe a duty of care to another person (the *plaintiff*) to warn of an obvious risk to the plaintiff.
- (2) This section does not apply if
  - (a) the plaintiff has requested advice or information about the risk from the defendant;
  - (b) the defendant is required by a written law to warn the plaintiff of the risk; or
  - (c) the defendant is a professional and the risk is a risk of harm to the plaintiff from the provision of a professional service by the defendant.

page 16

Liability for harm caused by the fault of a person

Professional negligence

Part 1A Division 7

s. 5P

(3) Subsection (2) does not give rise to a presumption of a duty to warn of a risk in the circumstances referred to in that subsection.

[Section 50 inserted by No. 58 of 2003 s. 8.]

### 5P. No liability for harm from inherent risk

- (1) A person (the *defendant*) is not liable for harm caused by the fault of that person suffered by another person if the harm is the result of the occurrence of something that cannot be avoided by the exercise of reasonable skill and care by the defendant.
- (2) This section does not operate to exclude liability in connection with a duty to warn of a risk.

[Section 5P inserted by No. 58 of 2003 s. 8.]

### Division 7 — Professional negligence

[Heading inserted by No. 43 of 2004 s. 5.]

### 5PA. Term used in this Division

In this Division —

health professional means any of the following —

- (a) a chiropractor as defined in the *Chiropractors Act 2005* section 3;
- (b) a dentist, dental therapist or dental hygienist, as those terms are defined in the *Dental Act 1939* section 4;
- (c) a dental prosthetist as defined in the *Dental Prosthetists*Act 1985 section 3(1);
- (d) a medical practitioner as defined in the *Medical Practitioners Act 2008* section 4;
- (da) a medical radiation technologist as defined in the Medical Radiation Technologists Act 2006 section 3;
- (e) a midwife or nurse as defined in the *Nurses and Midwives Act 2006* section 3;
