Stronger Together a workshop for Local Businesses and Community Groups

People with health conditions, injuries or disabilities have a lot to offer our community. Come and learn about the benefits of being more aware.

Did you know 1 in 5 Australians already has some type of disability or health condition? This could be you, someone you know or work with or even someone you care for. As our population ages the challenge isn't going away. It's increasing!

- Increase your awareness and confidence around diversity, access and inclusion
- Discover the subsidies and benefits available for your business
- Enhance membership prospects for your community group
